

FAX form to: 519-383-7092, or
EMAIL form to: vaccineorders@county-lambton.on.ca

To receive COVID-19 vaccine, your office must be an approved COVID-19 vaccine site and ensure the following criteria are met (check boxes):

- Providers at your site have obtained a COVaxON ID and completed COVaxON training via [OntarioMD](#).
- Your site will provide a copy of your last 7 days of temperature logs 24-48 hours prior to your scheduled pick up time. ****Please note that the vaccine must be stored in a fridge that has previously been inspected by Public Health. If you have not had a fridge inspection and need to arrange one, please contact Public Health at 519-383-8331 ext. 3822.***
- You acknowledge that vaccine for 12 years and older will be picked up in a frozen state from Public Health and will need to be thawed prior to administration. This vaccine is not to be moved again once thawed. Vaccine for 5 to <12 year olds will be picked up in a thawed state.
