**To receive COVID-19 vaccine, your office must be an approved COVID-19 vaccine site and ensure the following criteria are met (check boxes):**

- Providers at your site have obtained a COVaxON ID and completed COVaxON training via [OntarioMD](#).
- Your site will provide a copy of your last 7 days of temperature logs 24-48 hours prior to your scheduled pick up time.
- All vaccine will be picked up in a thawed state from Lambton Public Health. The vaccine is not to be moved again once transported to your clinic location.
