

WARMING/COOLING CENTRE

Warming/Cooling Centres are pre-designated locations that become activated when **Extreme Temperature Alerts** are issued by Lambton Public Health.

This location offers short-term, accessible, space for the public to use during regular business hours. Please bring refreshments and water as well as activities with you. All children must be accompanied by an adult. No pets are permitted.

Lambton Public Health (LPH) works in collaboration with community partners to administer extreme temperature initiatives in Lambton County aimed at protecting residents and reducing the negative health impacts of extreme temperature conditions. This includes issuing Extreme Heat/Cold Alerts which trigger response activities including the activation of warming/cooling centres.
