

## **OneSight – Eyeglass Assistance Program**

OneSight is a charitable organization that assists people with getting glasses. If you are in need of their assistance, please follow the steps outlined below for the OneSight program.

**Step 1:** Reach out to a local organization (such as a local Lion's Club) that has a 501(c)3 status. This is a non-profit status and they must have it to qualify.

**Step 2:** Once you have reached out to this organization, they will need to write you a letter of recommendation on their company letter head, with their Tax ID.

**Step 3:** Bring the letter of recommendation into your nearest LensCrafters, Target Optical or PearleVision store location that works with the OneSight program. They will be able to get you a new pair of glasses!

If you have any other questions you are more than welcome to visit the OneSight web site at [www.onesight.org](http://www.onesight.org) or reach out to your nearest LensCrafters, Target Optical or Pearle Vision location.
