

Now Accepting Flu Vaccine Orders

Good morning.

Please distribute the below to all health care providers who require it:

Thank you for submitting your influenza vaccine opt-in form. We are now ready to begin accepting influenza vaccine orders for the upcoming season. To reduce influenza vaccine wastage, please note the following:

- **Order limits:** Orders should be limited to a **one-month supply** at a time. If you have larger clinics planned, please contact us at vaccineorders@county-lambton.on.ca so your order can be adjusted accordingly.
- **Temperature logs:** Please submit seven consecutive days of vaccine fridge temperature logs with your order.
- **Supply considerations:** Vaccine supply from the Ministry of Health is finite, and orders may be adjusted to ensure equitable distribution among all providers.

Orders can be submitted using either:

- the [online flu vaccine order form](#) (available on the LPH website), or
- the **hard copy order form** attached to this message.

Thank you for your cooperation and continued partnership in protecting our community from influenza.
